Music Instruction offered by Piano Central Studios

We are truly honored to be a part of the exceptional fine arts program at BJA and to partner with BJA and BJU to offer music lessons for Academy and community students in PCS Music Artistry at BJU.

As a trusted upstate destination for keyboard instruments and music instruction for nearly 40 years, Piano Central is proud of our reputation for an uncompromising commitment to excellence and the extra care we take of each of our students.

At BJA, we are especially privileged to set forth a godly example of Christian musicianship in our teachers and to encourage students to use their musical abilities to serve the Lord and to edify other believers.

For your convenience, we offer music lessons throughout the school day as well as after school. Space is limited, but we will certainly do everything we can to accommodate your scheduling requests. Students may enroll for lessons at any time.

We love working with each of our students, customizing our teaching to fit how each student learns best and to complement their individual learning style and musical interests.

It is a special joy to work with each student in our program, customizing our teaching to fit how each one learns best and to match his or her learning style and musical interests. We sincerely desire to inspire a love of music and to develop musical skill that can be used for the Lord's glory, both now and in the future.

*Sincerely,
Theresa Case, MEd
Director, Piano Central Studios*

More Than Just Lessons

Here at PCS, we want so much more for our students than just the weekly class or lesson. That's why our program provides a full and enriching experience – in the weekly lessons, at performances and judging events, and through our exclusive Skillmasters Awards Program.

We are passionate about nourishing hearts and minds with music making for life as we equip and motivate BJA students to use their God-given skills and talents for His glory.

In PCS Music Artistry at BJU, students will...

...be **INSPIRED** to explore, create, collaborate, share, and persevere in the process of learning in order to make steady progress towards achieving their full potential as musicians for God's glory.

...develop their musical skills and capacity for creative self-expression in a way that causes their **LOVE FOR MUSIC** to grow deeper and stronger with every passing year.

...know that every word, interaction, and teachable moment is our gift to them as we seek to consistently affirm just how highly we appreciate and **VALUE** every PCS student as a unique individual.

...have many fun and enriching opportunities to **GET CONNECTED** with others enrolled here at PCS—one class, one lesson, one song, and one smile at a time.

...feel confident and **HAPPY** as we customize their individual musical journeys, unfolding their unique musical potential and discovering together the joy and blessing that music making has for each one of them.

Important Things to Know

Enrollment Fees

The annual enrollment fee of \$45 for BJA students includes the cost of registration, the assignment notebook, recital fees, and Music Fest fees. Fees for books and other special events like the NFMC Festival are charged separately.

For new students, the enrollment fee is charged at the time of registration along with the first month's tuition payment. For returning students, the enrollment fee will be charged in September, along with the September tuition.

Discounted Academy Student Tuition

Enrollment is ongoing and includes twenty-six lessons during the school year, two recitals, community performances, chapel performances, and the PCS Music Fest, plus your choice of a summer lesson package.

Type of Lesson	Tuition Billed Monthly
45-min Group Class lessons	\$79
30-minute private lessons	\$99
45-minute private lessons	\$149

Should lessons need to be discontinued or paused for the summer, written notice prior to the 1st of the month is required. Simply go online to the Student Hub and submit the "[Change My Enrollment](#)" form.

Payment

Payment by credit or debit card makes the monthly tuition payment easy and hassle-free. Simply choose your payment method, and we'll automatically charge your account on the 5th of every month. A fee of \$20 will be assessed for any declined electronic funds or late payments.

Make up Lessons

Students taking private lessons may receive up to three makeup lessons during the school year – one in the fall, one in the spring, and one to be used as needed for school-required cancellations.

If a lesson must be cancelled for teacher absence, we will arrange makeup lessons without counting against your limit. You can review our [complete makeup policy here](#).

Materials and Supplies

Instrumental students need an instrument for daily practice. Bills for music or other supplies will be applied to your account as needed and charged with the current month's payment. An assignment notebook is provided at the first lesson. Assignment notebooks may be replaced for \$5.00 each.

Practice Time

Your child will need an instrument at home and a daily, non-interrupted time set aside for consistent, daily practice. Individual practice requirements and goals will vary according to teacher assignments and student levels.

Parental Involvement

Parental support is crucial to the success of each student. To keep you informed, we regularly communicate via email. Students also receive an assignment notebook to facilitate communication between studio and home.
