**The  
Wilds Senior Class  
Trip  
Oct. 5 – 9, 2020**

The senior class trip is designed to give you a time to grow closer with your classmates and most importantly to grow closer with God. Your experience at The Wilds will help you as upperclassmen better lead and serve the student body.

We have the campsite to ourselves for this week with a program that is specifically designed for you, BJA's seniors. In an effort to make fellowship with the Lord and each other as easy as possible, we've done our best to limit outside distractions (such as smartphones) and give you plenty of opportunities for fun and growth. With this focus in mind, we ask that visitors not be encouraged to come.

So, pack well, get your schoolwork in order and be prepared for a very relaxing, enjoyable and memorable time with the Class of 2021!

## 1. Preparing for the trip

- If you are working, make arrangements with your employer immediately since all seniors are expected to go on the trip.
- If you are enrolled in any classes that are not specifically senior courses, see your teachers very soon to get the assignments for the week of the trip. You normally will need to make up the work for Academy courses before you go on the trip.
- If you are enrolled in a BJU class, you will want to check your syllabus for instructions about absences.
- If you wish to leave your car parked on campus while you are gone, you may leave it in the area designated for regular Academy parking. If there is no parking permit on your car, secure a temporary parking permit in advance from a Public Safety employee at the University's main entrance.
