

November 2020

I just re-read our reunion letter from 10 years ago. It referenced the fact that the 20-year reunion was to be the last official class reunion. I am so glad that the University and the Academy have made it possible to continue official reunions beyond 20 years! What's hard to believe is that it's been 30 years since high school graduation!! Many of us have kids who are high school or even college graduates by now...some are marrying off their children...so much has changed since high school! We are all different people in some regards because of what the Lord has done in our lives. Come hang out and catch up with your friends, or even play games, including shuffleboard and ping pong!
