

CHRISTMAS GIVING PROJECT

This year, we will be collecting money donations to provide care packages for Christian school teachers in the Rural Teacher Support Network (RTSN) in Uganda.

Around \$50 will provide one care package, which includes clothes and shoes for a teacher. There are about 100 teachers in the RTSN. We would love to provide a care package for each of them.

There will be a group from the Academy going to Uganda in July 2024. Those going on the trip will be providing teacher training and encouragement to the RTSN faculty.

Our desire is to present each teacher with a care package during that time.

While we are making this our Christmas Giving Project, we can continue to take donations through the end of the school year in May.

We appreciate your making this a matter of prayer with your family. Any amount you feel lead to give will be a blessing to the teachers in Uganda!
