PERMISSION TO WALK

Because your child's safety is important to us, any middle school student walking home or to a parent's office (BJU/BJA and BJUPress employees) must have a signed permission form on file in the office. If you feel comfortable with your child walking alone, please review the following expectations and safety tips with your child and complete the form below.

Walking Expectations

- Students may walk to their own home or own parent's office at BJU, BJA, or BJUPress.
- Students should use the most direct route to go straight to the indicated destination. Changes to a destination location should be made by a parent in writing to the office.
- Students will be unsupervised once they leave the middle school property.
- In the event of inclement weather (rain, storms, snow/ice) at 3:00 p.m., walkers will remain at school and will go to carline or late stay unless the office is notified otherwise.

I authorize my child to walk from school, acknowledging that he/she is my responsibility once he/she has left the middle school property.

This permission will remain in effect until I notify the middle school office of any changes to my permission.
